DEPARTMENT OF PHARMACOLOGY

March 31, 1958

Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Joshua:

Unfortunately, I have had to cancel my plans to come East so I will not be able to attend the Symposium. I am especially sorry because I had looked forward to discussing the Stanford situation further with you and adding my urging to Arthur's. I understand there will be some concrete spelling out of an offer to you shortly and I certainly hope we can make things attractive enough to bring you here.

Best wishes,

A handwritten signature in dark ink, appearing to read 'Avram', with a long horizontal flourish extending to the right.

Avram Goldstein, M.D.
